*Minister*

- Presided over the Sectoral Council of Knowledge and Human Talent: coordination, execution and monitoring of policies, programs and projects of the Ministries of Education, Culture, Higher Education, Science and Technology.
- Led international negotiations on intellectual property: e-commerce, data flows, visually impaired's access to works, compulsory licenses, parallel importation, data exclusivity waivers, farmers' access to seeds, and ad hoc intellectual property regime for biodiversity and traditional knowledge.
- Monitored the consolidation of new universities: Ikiam - Amazon Regional University, National Education University, University of the Arts
- Started UNESCO-bound project to incorporate computer programming in national curriculum.
- Founded several research networks: accounting, early childhood, sustainable mobility, lupini bean, mining, neuroscience, biodiversity, etc.
- Implemented the National Qualifications and Professional Training System.
- Authored and published quantitative prospective planning for the knowledge sector until 2035.
- Presided the National Institute for Evaluation in Education (Ineval) Board of Directors

**National Service for Public Procurement** Feb/2015 – Mar/2015  
*General Director*

- Implementation of public procurement for productive transformation along the following axes: standardization, technology transfer, economic inclusion, liquidity for suppliers, and integrity.
- Designed competitive electronic pooled procurement of medicines including progressive intellectual property policies such as compulsory licensing and data exclusivity waivers.

**National Secretariat for Planning and Development** Jan/2012 – Feb/2015  
*Deputy Secretary for Planning of Buen Vivir* Sep/2013 – Feb/2015

- Public investment, territorial planning, sectoral planning, special planning, information, monitoring and evaluation.
- Applied research on planning, while President of the Latin American Planning Network (Redeplan) and the Regional Planning Council of the Latin American Institute for Economic and Social Planning (ILPES-CEPAL)
- Bilateral cooperation for the internationalization of *Buen Vivir*.
- Research, analysis and audit of the international investment arbitration system.

*President of the Inter-ministerial Quality Committee* Jul/2012 – Oct/2014

- Coordination of the regulatory agenda with the standardization institute, the accreditation body, sanitary and phytosanitary agencies, and over 20 regulatory agencies along five axes: balance of payments sustainability, energy and biophysical efficiency, consumption for *buen vivir*, standardization of public sector demand, and export diversification.

*Member of the Regulatory Board for the Popular Financial Sector (Coops et al)* Aug/2012 – Aug/2014

- Heterodox approaches: segmentation, differentiated regulation, social accounting, and territorial indices.

*Member of the Board of the Central Bank of Ecuador* Jan/2012 – Aug/2014

- Capital account regulation: domestic liquidity coefficient, foreign exchange flows, compliance, regional reciprocal accounts.

*Member of the Foreign Trade Committee – COMEX* Jan/2012 – Oct/2014

- Exhaustive research on the Mercosur economy and designed the strategy for full integration in Mercosur.

- Supervision and contribution to the negotiation process for the Ecuador-UE FTA on public procurement and intellectual property.

*Undersecretary for Public Investment*

Jan/2012 – Aug/2013

- Direction of public investment programs and budget.
- Public investment multi-year and macroeconomic modeling, economic regulation agenda, author of objective 8 “Consolidating the social and solidarity economic system, sustainably” in the 2013-2017 National Development Plan
- Research, design and implementation for the Public Investment for Productive Transformation project.

### **Central Bank of Ecuador**

*General Banking Director*

Dic/2009 – Dic/2011

- Managed, planned and supervised the Central Bank’s Operations, including systemic and operational risks
- Proposed, defined and coordinated strategic central bank projects, using new technologies, in the following areas: financial inclusion and depth, central bank digital cash, financial stability, central securities depository and development of domestic securities markets, regional financial integration
- Innovated the national payments system for international remittances, democratization of access for small financial cooperatives via retrofitted APIs, and creation of the interoperable cross-operator mobile payments system and mainstreamed e-signatures in the financial system.
- Advocacy and institutional relations with international organizations and international financial institutions such as the Federal Reserve, CEMLA, Bank of International Settlements, BLADEX, etc.
- Regulatory design with supervisors, ministries, the public financial system and local governments
- Advisory to Central Bank’s authorities for economic, financial and institutional policy

*Deputy General Banking Director*

Aug/2009 – Dec/2009

- Responsible for the macro and regulatory design for Ecuadorean central bank xeno-dollar investments
- Advisory to Central Bank’s authorities for economic, financial and institutional policy through analytic reports and regulatory proposals
- Leaded the design and implementation of strategic projects
- Monitored administrative and compliance issues, including Banco del Pacífico (third largest commercial bank, then property of the Central Bank of Ecuador)

### **National Securities Commission (CNV)**

Mar/2009 – Jul/2010

*President of the Republic’s Representative*

- Issued investment banking regulation for Ecuador’s state-owned pension fund, regulation for factoring, interconnection between Ecuador’s two stock exchanges, Central Bank’s securities depository, among others.

### **Ministry of Coordination of Economic Policy**

Dec/2007 – Aug/2009

*Financial Policy Advisor*

- Researched and designed progressive public policy regarding monetary, financial, credit and balance of payments issues in the design of this recently created Ministry
- Implemented the New Financial Architecture: payment system network for the rural and community financial system, strengthening of the public financial system, modernization of the securities market, re-regulation of the private banking system, democratization of the national payments system.
- Represented the President of the Republic in the Emergency Liquidity Bailout Fund (private funds)
- Participated as part of the Ecuadorian delegation for international negotiations: Bank of the South, SUCRE – Unit System for Regional Compensation, ALADI – Latin American Association for Integration, Andean Community Financial Services
- Responsible for the sub-commission on consolidated supervision and economic regulation
- Leaded a participatory design of popular and solidarity economic policy
- Established a broad network of public sector contacts: researchers, regulators, policy-makers and authorities
